Cher Florentin,

Voici la liste d[illegible]les potentiels que [illegible]ouvons propose[illegible] B. Ristic (responsable des sessions spéciales). Les [illegible] sont approximatif[illegible]'instant et les aut[illegible] doivent me fournir les informations manquantes avant le 1er Février car je d[illegible]ansmettre cette liste [illegible] Ristic pour cette date. La rédaction des articles peut être faite plus tard car les caméra ready [illegible]ers doivent être prêts pour le 15 [illegible] Faites le maximum de votre coté pour obtenir les abstracts ([illegible]s provisoires) de J. Brenner et F. Liu.
Il faudrait que l'on puisse soumettre au moins 8 articles pour ainsi avoir n[illegible]ession bloquée sur 1 matinée ou une après-midi. Si on veut et si on a le temps on peut aussi ré[illegible]s articles 8 et 9. je vais relancer les auteurs des papiers 10 et 1[illegible]. J'espere que le papier 6 sera OK. J'attends des nouvelle de Patrick à ce sujet. Le thème sera un peu plus éloigné de [illegible] mais il est acceptable dans la session car il traite de l'information paradoxale. On devra peut-être changer le titre de notre session pour élargir le thème de celle-ci.
afin que tous les articles ci-dessus collent bien à notre session et que les organisateurs de F2K3 acceptent notre session (cela devrait être OK mais il ne faut pas trop parler de la non-venue de F. Liu et Brenner. Il faudra que vous présentiez ces papiers pour eux, mais cela devrait être OK pour vous je pense.
